

# DPC0718R5

Top And Bottom Panels For Floor Standing Enclosures

nvent

HOFFMAN

CONNECT AND PROTECT

Both the enclosure's aesthetics and IP-rating are maintained when a complete set of doors and panels are mounted.

H	100+70
W	800
Item no.	DPC0718R5

**Finish:** RAL 7035 structured powder coating.

**Mounting requirements:** DPC covers 200 mm in height of the enclosure. So for a 2000 mm high enclosure when DPC is used, there is 1800 mm space left for partial doors/panels.

**Pack quantity:** Top and bottom panel with mounting accessories.

**Description:** Required to cover the remaining space at the top and bottom. Used in combination with horizontal dividers CDH/CDHK, partial doors DP, partial panels DPP and cable space door DPA.

**Protection:** Complies with IP 54. For IP 21 delivered without gasket.

**Material:** 1.75 mm steel plate.
