

DW02

Door wheel

Item no. DW02

Description: For easier closing and positioning of a heavily equipped door (cooling units, etc). Mounted directly to the door frame on the bottom of the door. Highly recommended when fitting loads from 28 kg on the enclosure door.

Material: Zinc plated.

Pack quantity: 2 pieces with mounting accessories

This door wheel guarantees that the enclosure door will be closed properly if exposed to heavy loads and/or when the enclosure is installed on an uneven floor, which ensures that the ingress protection is maintained.
