

LTS11

ENCLOSURE LIGHT

Operating voltage	230 V, 50/60 Hz
Socket type	Schuko
Approvals	CE, EAC
Item no.	LTS11

Description: Energy saving lighting system suitable for all types of panels and enclosures, especially where space is at a premium. It is made of light grey plastic (ABS-PC) according to UL94 V-0. The lamp can be mounted on its narrow or broad surface using screws, or magnetically in any position in a mild steel enclosure. It has electronic ballast, and its life service is of 10,000 h. An integrated electrical socket enables the use of additional appliances and it is provided with a protection cap.

Lamp type: Compact fluorescent lamp, 2G7 socket.

Luminosity: 900 Lm.

Power consumption: 11 W.

Operating temperature: -20°C to +50°C.

Dimensions: 345 x 91 x 40 mm.

Connections: Terminal 2.5 mm² with cable clamp, torque 0.8Nm max.

This enclosure light, with an integrated socket, can be mounted to any metallic surface and helps perform operations and maintenance in the field.
