

MSHS410010

Main busbar supports horizontal | Power Distribution

Bars per phase	2x(100x10)
H	700
W	95
Item no.	MSHS410010

Description: Busbar supports up to 3600A to be mounted horizontally behind the compartments. Mounts to the internal side panels MSPS, and in the height position which we need. Supports for single or double bar per phase for bar thickness 10 mm, and width from 10 to 120 mm. Distance between bars of 20 mm.

Material: Polycarbonate reinforced with 10% of glass material.

Delivery: Busbar support for 3 phases and neutral, and mounting material.

This horizontal busbar support, MSHS, for two bars up to 120x10 mm, is available off the shelf and has been tested according to IEC 61439. It can be mounted at any height behind fix, modular, and plug-in systems.
