

CONFIRMATION ROHS COMPLIANCE

Issuer:
Wöhner GmbH & Co. KG
Mönchrödener Str. 10
96472 Rödental, Germany

We hereby confirm the conformity of our products in accordance with Directive 2011/65/EU of June 8, 2011, and the amendment of June 4, 2015, DELEGATED DIRECTIVE 2015/863.

The RoHS Directive 2011/65/EU sets out requirements for restricting the use of certain hazardous substances in electrical and electronic equipment. The RoHS2 Directive prohibits the use of mercury, cadmium, hexavalent chromium, PBB, PBDE, and lead in electrical and electronic equipment. Directive 2015/863 adds the following substances to the list of hazardous substances: DEHP, BBP, DBP, and DIBP.

Exceptions are permitted, such as lead, which can be used as an alloy additive in copper, steel, and aluminum. Cadmium in electrical contacts is also permitted as an exception.

We currently make use of the following exemptions for some of our products in accordance with Annex III of Directive 2011/65/EU:

- 6(c) Copper alloy containing up to 4 % lead by weight
- 7(a) Lead in high melting temperature type solders
- 7(c)-I Electrical and electronic components containing lead
- 34 Lead in cermet-based trimmer potentiometer elements

With regard to the scope of application, Article 2, paragraph 1 refers to electrical and electronic equipment listed in Annex I.

Please note:

This certificate refers to the production status of the mentioned products at the time of issue. It is based on a design evaluation respecting the valid standards. It is also based on our experience with similar

products. The rated values are valid for one single device in free air. In accordance with the exact application conditions, system-dependent reduction factors shall be provided. For the use of our products DIN EN 61439-1 is to be applied in the currently

valid version. Furthermore, the indications in our product manual are to be observed. A test regarding the exact conditions of use would need to be ordered specially. This certificate will not be updated after future changes in design or technology.
